SUBJECT INDEX FOR VOLUME 16

A

Agenda 21
  energy use in cities and, 249
  sustainable development and operational issues at municipal level and, 309
Analysis of ecological risks
  evaluation, 183
Appeals system
  environmental impact assessment, 115
Automobile dependence
  land use patterns in cities and, 279

B

Book review, 57

C

Cities
  automobile dependence and land use patterns, 279
  ecological role, 223
  energy use, 249
  environmental performance, 259
  Habitat II, critical assessment, 429
  health and, 259
  local government level planning for sustainability, 363
  measuring urban sustainability, 381
  operational issues at municipal level, 309
  special issue introduction on sustainability, 213
  strategic environmental assessment for urban sustainability, 321
  sustainable development, 309, 425
  World Bank and, 351
Citizens
  environment impact statements and, 171
Climate change
  United Nations Framework Convention on Climate Change, 137
Collaborative learning
  public deliberation in ecosystem-based management and, 71
Curitiba
  Habitat II and, 435

D

Decision-making
  defining successful environmental, 151
  ecosystem-based management and, 13
  public participation enhancement in trade policy, 497
Dispute resolution
  defining successful environmental, 151
Dispute system
  environmental impact assessment, 115
Dune mining
  logistics and team management with proposed, 103

E

Ecological risks
  evaluation of analysis of ecological risks method, 183
Ecological role
  cities, 223
Ecosystem-based management
  decision-making and, 13
  public deliberation in, 71
Education
  environment impact statements impact on citizens, 171
Energy use
  government cooperation and, 249
  population awareness and participation and, 249
Environmental assessment/planning
  local government level planning for urban sustainability, 363
Environmental decision-making
  defining successful, 151
Environmental dispute resolution
  defining successful, 151
Environmental impact assessment
  analysis of ecological risks method, 183
  evaluation model development and application, 115
